### **INTEQ DISTRIBUTORS TO MERGE WITH FUTURA TO FORM NORTH AMERICAN DISTRIBUTION COMPANY!**

*Oklahoma City, OK – May 27, 2014 – Inteq Distributors, LLC and Futura Tools and Technology* today announced a merger of the two companies. The merger will create a leading North American Distribution Company of Construction Lasers, Optical Survey Instruments and Machine Control Systems, differentiated by its ability to deliver ground-breaking products while leveraging international operating efficiencies and economies of scale. The merger was effective May 1, 2014.

The Futura name will live on as a high quality brand of Construction Lasers, Optical Survey Instruments and Machine Control Systems. Futura will continue with its core values of offering exceptional customer service and to exceed its customer's need for quality products delivered at a profit generating cost.

The new company will be led by Mr. Tom Brennan, North American Distribution Manager, an industry veteran with over 30-years of experience. The combined company will operate under the Inteq Distributors name, and be the exclusive North American distribution partner for all Futura products. In addition to the Futura line, Inteq Distributors will carry a wide selection of products and supplies from Topcon, PLS, Keson, CST/Berger, Bosche, SmartTool and Seco.

Inteq will maintain offices and distribution facilities in Oklahoma City, Oklahoma, USA and Exeter, Ontario, Canada.

“The combination of Inteq and Futura creates an exciting opportunity for our company and our customers,” said Mr. Tom Brennan, North American Distribution Manager. It creates a company that will deliver maximum value to our shareholders, enormous opportunities for our employees, and a superior experience for our customers.”

Futtura began operations in Dallas, Texas in 1999. Today, Futtura is based in Oklahoma City, OK and stands as an established distributor for premier instrument and equipment manufacturers. Since January of 2005, Inteq Distributors has been operating as a wholesale distribution company offering sales, rental and service in our Exeter, Ontario office to construction supply and survey houses across Canada.

### **ABOUT INTEQ DISTRIBUTORS**

Since 1999, Inteq Distributors has been dedicated to providing quality products and services to Construction Supply and Survey Houses throughout North America. Today, Inteq stands as an established distributor for premier instrument and equipment manufacturers. We strive to offer exceptional customer service and are committed to meeting our customer's need for quality products delivered at a profit generating cost. Dealers will find a wide selection of Construction Lasers and Receivers, Optical Instruments, Auto Levels, Transits, Total Stations and Data Collectors, Hand-Held Lasers, Locators, Surveying Accessories and Supplies and Machine Control Systems. Inteq's product portfolio consists of high quality products from manufacturers such as Topcon, PLS, Keson, CST/Berger, Bosch, SmartTool, and Seco. And, we are the exclusive North American distribution partner for Futtura, a high quality brand of laser and optical survey equipment. A core value of ours is to do more than is expected. We actually mean what we say and will do what we say. When you call us you will talk to a real person who will do everything possible to take care of your situation. We continue to position our company to take advantage of industry opportunities to help our dealers grow their businesses. We currently have offices and distribution facilities in Exeter, Ontario, Canada and Oklahoma City, Oklahoma, USA to meet our customer's needs.
