NEW WESTERN REGION SALES SPECIALIST ANNOUNCED!

Oklahoma City, OK – October 5, 2015 – Inteq Distributors is pleased to announce the hire of Mr. Dave Meixell as Western Region Dealer Sales Specialist. Dave will be based out of Las Vegas, Nevada and will be responsible to manage dealer sales in the Western United States.

Dave comes to Inteq with over 17 years of sales and marketing experience in the construction and survey industry. His product and application experience will prove to be a great benefit to our dealers. Steve Delaney, US National Sales Manager of Inteq Distributors said “we are excited to get someone of Dave’s caliber and experience to work with our dealers. We are super pleased he is joining the Inteq Team.”

Inteq Distributors has distribution facilities in Oklahoma City, Oklahoma USA and in Exeter, Ontario Canada serving all of North America.

Dealers will find a wide selection of Construction Lasers and Receivers, Optical Instruments, Auto Levels, Transits, Total Stations and Data Collectors, Hand-Held Lasers, Locators, Surveying Accessories and Supplies and Machine Control Systems. Inteq supplies high quality products from manufacturers such as Topcon, Futtura, PLS, Keson, CST/Berger, Bosch, SmartTool, and Seco.

Dave will work directly with dealers to find the best product to fit their needs and that of their customers. You can reach Dave at (405) 789-9900 or (877) 399-9900, or by e-mail at dmeixell@inteqdistributors.com.

Inteq currently has offices and distribution facilities in Oklahoma City, Oklahoma, USA and Exeter, Ontario, Canada.

ABOUT INTEQ DISTRIBUTORS

Since 1999, Inteq Distributors has been dedicated to providing quality products and services to Construction Supply and Survey Houses throughout North America. Today, Inteq stands as an established distributor for premier instrument and equipment manufacturers. We strive to offer exceptional customer service and are committed to meeting our customer's need for quality products delivered at a profit generating cost. Dealers will find a wide selection of Construction Lasers and Receivers, Optical Instruments, Auto Levels, Transits, Total Stations and Data Collectors, Hand-Held Lasers, Locators, Surveying Accessories and Supplies and Machine Control Systems. Inteq's product portfolio consists of high quality products from manufacturers such as Topcon, PLS, Keson, CST/Berger, Bosch, SmartTool, and Seco. And, we are the exclusive North American distribution partner for Futtura, a high quality brand of laser and optical survey equipment. A core value of ours is to do more than is expected. We actually mean what we say and will do what we say. When you call us you will talk to a real person who will do everything possible to take care of your situation. We continue to position our company to take advantage of industry opportunities to help our dealers grow their businesses. We currently have offices and distribution facilities in Exeter, Ontario, Canada and Oklahoma City, Oklahoma, USA to meet our customer's needs.
